

We plan to visit the Brisbane Motor Museum on **Friday, June 26.**

The Motor Museum is one of Brisbane's most unique destinations. It is not just a collection of cars — exhibits are changing all the time bringing together vehicles, objects and stories that explore automotive history from a fresh perspective. Some exhibits lean into nostalgia, others spark debate.

During our visit, focus will be on Convertibles, Coupes (built for power and performance) and Custom built coupes and convertibles.

Entry price is \$17 and there is a cafe on site for you to grab a coffee and something to eat. We will gather outside the venue at 10am.
